

## Call for papers

### The AHEAD Network Thematic Sessions on Health and Environmental Economics in Developing Countries

June 10-12, 2026

Campus Pauliane, Faculty of Economics and Management, Aix-en-Provence (France)

The AHEAD network will organize two thematic sessions on the economic analysis of health and environmental challenges in developing countries, with a particular focus on the Mediterranean region, as part of the 25<sup>th</sup> edition of the Journées Louis-André Gérard-Varet (LAGV).

#### Submissions

The sessions aim to bring together researchers working on the economic analysis of health and environmental economics in developing countries, fostering interdisciplinary and interregional exchanges.

Contributions employing theoretical and/or empirical approaches are welcome, with particular interest in work that advances methodological rigor and addresses development-relevant challenges. Applicants must submit a full paper in English.

The selection process will be organized and managed by the [AHEAD Network](#).

#### Registration fees

*including conference, breaks and lunches*

- 300 euros: Faculty, post-doctoral fellow and industrial
- 200 euros: PhD student
- 50 euros: Dinner on June 11

*The accompanying persons are accepted subject to registration.*

The link for online payment will be sent by email once your application is accepted. You will receive a confirmation after completing the payment, and the invoice will be sent via the Azur colloque platform.

#### Key dates

- Submission deadline: March 31, 2026 on <https://amse.site/lagvahed>
- Decision to authors: April 10, 2026
- Registration: until April 30, 2026

#### Support for junior researchers

Junior researchers from developing countries may benefit from financial support provided by the AHEAD Network. Financial support will take the form of a fixed participation grant (reimbursed upon invoice), intended to reduce the effective cost of attendance for selected junior researchers.
