CALL FOR PAPERS

8th EMME Workshop
Emerging Market MacroEconomics

April 2, 2027 I Aix-en-Provence (France)

Theme

The goal of this workshop is to gather academic contributions addressing recent **Emerging Market Economies** developments in the fields of Macroeconomics, International Trade and Finance. The scientific committee welcomes both empirical and theoretical contributions. Papers can in particular address the following issues:

- Global financial cycle, capital flows and international spillovers,
- Geoeconomics, trade fragmentation and global value chains,
- Debt denomination and sustainability,
- Foreign exchange, derivatives markets, Renminbi internationalization,
- Monetary policy challenges,
- Commodities and terms of trade shocks,
- Climate risks, green finance and macro effects of climate change.

The workshop is open to anybody involved in these research areas, including both young and experienced researchers, Ph.D. students, post-doctoral researchers, and professionals from business, government, and non-governmental institutions. There is no registration fee.

This event is supported by INFER - International Network For Economic Research.
