

Curriculum Vitae, December 2025

Raouf BOUCEKKINE

Aix-Marseille School of Economics (AMSE)

Raouf.Boucekkine@univ-amu.fr

Current academic functions

Professor (highest rank), Aix-Marseille School of Economics

Coordinator of the CNRS International Research Network **E3E**

Research director, Chair “Triple Accounting” (hosted by *Fondation du Risque*, Paris)

Corresponding member, IRES (UCLouvain), Belgium

Research associate, LEAD, UCBukavu, DR Congo

Member of the IFAC Technical Committee 9.2 on Control & Systems for Societal Impact

Awards and Honors

Fellow of the Econometric Society (elected in 2020)

Economic Theory Fellow, Society for the Advancement of Economic Theory (elected in 2025)

Senior Fellow of the *Institut Universitaire de France*, 2014-2019

Fellow of the institute for Advanced Study, Durham University, 2024/2025

Honorary Senior Fellow of the *Institut Universitaire de France* (IUF), 2019-

Springer Editorial Contribution Award, 2025

Co-chair, 4th Intercontinental Academy on “Intelligence and Artificial Intelligence”, 2020-22

Vice-President, Pan-African Scientific Research Council (PASRC), 2021-2023

President of ASSET (Association of Southern European Economic Theorists), 2017-2019

Vice-President of ASSET (Association of Southern European Economic Theorists), 2015-2017

Main former academic nominations, charges and responsibilities

Associate Dean for Research, Rennes School of Business, 2021-2024

Founder and inaugural director, Centre for Unframed Thinking (CUT), Rennes School of Business, 2022-2024

Member of the Advisory Board of the World Pandemic Research Network (WPRN), 2020-2023

Director, Institute for Advanced Study of Aix-Marseille (IMéRA), 2015-2020

Deputy Coordinator of UBIAS (University-Based Institutes for Advanced Study), 2018-2020

Scientific and technical director of the Labex RFIEA +, 2016-2020

Member of the Scientific Council of IRD (Institute for Research in Development), 2016-2020

Member of the Scientific Council of CREAD (Centre de Recherche en Economie Appliquée au Développement), Algeria, 2018-2022

Research director, Aix-Marseille of Economics, 2011-2015

CORE (Center of Operation Research and Econometrics) research co-director, UCLouvain, 2009-2010.

Director of the Doctoral Program in Economics at UCLouvain, 2000-2005.

Vice-President of the Institut de Recherches Economiques et Sociales (IRES), in charge of research, UCLouvain, 2000-2001.

Deputy chairman of the economics department at Carlos III de Madrid (in charge of teaching), 1997-1998.

Previous academic positions

Full professor, Rennes School of Business, 2021-2024

Professor (Professeur ordinaire), IRES and CORE, UCLouvain, 2007-2013.

Associate Professor, Department of Economics, UCLouvain, 1998-2007

Associate Professor, Department of Economics, Universidad Carlos III de Madrid, 1997-1998.

Assistant Professor, Department of Economics, Universidad Carlos III de Madrid, 1993-1997.

Part-time chair in economics, department of economics, University of Glasgow, 2007-2010.

Invited Professor, HEC-Paris, 2003-2007.

Invited Professor, Catholic University of Leuven (KUL), 2001-2005.

Invited Professor, Université Louis Pasteur de Strasbourg, 2001-2003.

Research Assistant, CEPREMAP (Paris), 1990-1993.

Doctoral studies

PhD: Economics, Université Paris I Panthéon-Sorbonne, October 1993

Dissertation: An alternative methodology for the simulation of nonlinear rational expectations economic models: Theory and applications (In French).

Committee: J-P. Laffargue (Chair), A. D'Autume, Ch. Gouriéroux, C. Le Van, E. Loute and **P. Malgrange (Advisor)**.

RESEARCH

Research areas: Growth and development, environmental and ecological economics, economic epidemiology, demography, political economy, operation research, applied mathematics

Publications

Books

Arezki, R., R. Boucekkine, J. Frankel, M. Laksaci and R. van der Ploeg (Eds.), *Rethinking the Macroeconomics of Resource-Rich Countries*, CEPR Press (London), April 2018.

Boucekkine R., N. Hritonenko and Y. Yatsenko (Eds.), *Optimal Control of Age-structured Populations in Economy, Demography, and the Environment*, Taylor and Francis, September 2010.

Publications in peer-reviewed journals (100 papers)

100. "The defanging effect of education and autocratic survival", (with R. Desbordes and P. Melindi-Ghidi), *World Development*, forthcoming in 2026.

99. "The mortality-fertility relationship from the economic demography perspective", (with Q. Bousmah and U. Sahlin), *Behavioral and Brain Sciences* 48, e101, DOI: <https://doi.org/10.1017/S0140525X25100988>

98. "Optimal behavior under pollution irreversibility risk and distance to irreversibility thresholds", (with W. Ruan and B. Zou), *Annals of Operations Research* 349, 1471-1500, 2025.

97. "Endogenous growth, spatial dynamics, and convergence: A refinement", (with C. Camacho and W. Ruan), *Annals of Economics and Statistics* 159, 79-106, 2025.
96. "Epidemiological-economic modelling: A progress report", (with S. Chakraborty, A. Goenka and L. Liu), *Journal of Mathematical Economics* 113, Article 103011, 2024.
95. "Uncertainty-driven symmetry breaking and stochastic stability in a generic lobbying differential game", (with F. Prieur, W. Ruan and B. Zou), *Economic Theory* 77, 1127-1171, 2024.
94. "Fifty years of mathematical growth theory: Classical topics & new trends", (with E. Augeraud-Véron, F. Gozzi, A. Venditti and B. Zou), *Journal of Mathematical Economics* 111, Article 102966, 2024.
93. "How do coalitions break down? An alternative view", (with C. Camacho, W. Ruan and B. Zou), *Dynamic Games and Applications* 14, 157-194, 2024.
92. "Balancing economic and epidemiological interventions in the early stages of pathogen emergence", (with A. Dobson, M. Pascual, T. Loch-Temzelides, G. Fabbri, F. Gozzi and C. Ricci), *Science Advances*, Vol 19, Issue 21, DOI: [10.1126/sciadv.ade6169](https://doi.org/10.1126/sciadv.ade6169), 2023.
91. "The irreversible pollution game", (with W. Ruan and B. Zou), *Journal of Environmental Economics and Management* 120, Article 102841, 2023.
90. "Recycling of multi-source waste in an aggregate circular economy", (with F. El Ouardighi and K. Kogan), *Central European Journal of Operations Research* 32, 357 – 398, 2024. Reprinted in: *Essays on Pollution Control in Economics and Management Science: An interdisciplinary view*, F. El Ouardighi (Ed.), 237-281, 2025.
89. "Why are inflation forecasts sticky? Theory and application to France and Germany", (with F. Bec and C. Jarret), *International Journal of Central Banking* 19, 115-149, 2023.
88. "A dynamic programming approach to optimal pollution control under uncertain irreversibility: The Poisson case", (with W. Ruan and B. Zou), *Communications in Optimization Theory*, Vol 2023, Article ID 22, 1-14, 2023.
87. "On optimal coalition splitting with heterogeneous strategies", (with C. Camacho, W. Ruan and B. Zou), *Fulbright Review of Economics and Policy* (Special Issue in honor of Ngo Van Long), 3, 184-202, 2023.
86. "A dynamic theory of spatial externalities", (with G. Fabbri, S. Federico and F. Gozzi), *Games and Economic Behavior* 132, 133-165, 2022.
85. "Managing spatial linkages and geographic heterogeneity in dynamic models with transboundary pollution", (with G. Fabbri, F. Gozzi and S. Federico), *Journal of Mathematical Economics* 98, article 102577, 2022.
84. "Stochastic petropolitics: The dynamics of institutions in resource-dependent economies", (with F. Prieur, V. Vasilakis and B. Zou), *European Economic Review* 31, article 103610, 2021.

83. "A theory of elite-biased democracies", (with R. Desbordes and P. Melindi-Ghidi), *Mathematical Social Sciences* 112, 159-166, 2021.
82. "From firm to global-level pollution control: the case of transboundary pollution", (with G. Fabbri, F. Gozzi and S. Federico), *European Journal of Operational Research* 290, 331-345, 2021.
81. "Control theory in infinite dimension for the optimal location of economic activity: The role of social welfare function", (with G. Fabbri, S. Federico and F. Gozzi), *Pure and Applied Functional Analysis* 6, 871-888, 2021.
80. "Long-run stability of money demand and monetary policy: the case of Algeria", (with M. Laksaci and M. Touati Tliba), *Journal of Economic Asymmetries* (November), article e00217, 2021.
79. "A Lipsetian theory of voluntary power handover", (with P. Piacquadio and F. Prieur), *Journal of Economic Behaviour and Organization* 168, 269-291, 2019.
78. "Growth and agglomeration in the heterogenous space: A generalized AK approach", (with G. Fabbri, S. Federico and G. Gozzi), *Journal of Economic Geography* 19, 1287-1318, 2019.
77. "Biodiversity and its value: Conservation genetics meets economics", (with N. Bonneuil), *Conservation Genetics Resources* 12, 141-151, 2020.
76. "Distributed optimal control models in environmental economics: A review", (with E. Augeraud-Véron and V. Veliov), *Mathematical Modelling of Natural Phenomena* 14, article 106, 2019.
75. "Geographic environmental Kuznets curves: the optimal growth linear-quadratic case", (with G. Fabbri, S. Federico and G. Gozzi), *Mathematical Modelling of Natural Phenomena* 14, article 105, 2019.
74. "A pedagogical note on risk sharing versus instability in international financial integration: When Obstfeld meets Stiglitz", (with B. Zou), *Open Economies Review* 30, 179-190, 2019.
73. "Short-run pain, long-run gain: the conditional welfare gains from international financial integration", (with G. Fabbri and P. Pintus), *Economic Theory* 65, 329-360, 2018.
72. "Mean growth and stochastic stability in endogenous growth theory", (with P. Pintus and B. Zou), *Economics Letters* 166, 18-24, 2018.
71. "Longevity, age structure and optimal schooling", (with N. Bonneuil), *Journal of Economic Behaviour and Organization* 136, 63-75, 2017
70. "Variable mark-ups in the long-run: a generalization of preferences in growth models", (with H. Latzer and M. Parenti), *Journal of Mathematical Economics* 68, 80-86 2017.
69. "Parental morbidity, child work, and health insurance in Rwanda", (with Q. Bousmah and M. Woode), *Journal of Demographic Economics* 83, 111-127, 2017.

68. "Viable Nash equilibrium in the problem of common pollution", (with N. Bonneau), *Pure and Applied Functional Analysis* 2, 427-440, 2017.
67. "On the timing of political regime changes in resource-dependent economies", (with F. Prieur and K. Puzon), *European Economic Review* 85, 188-207, 2016.
66. "HIV-AIDS and Development: A Reappraisal of the Productivity and Factor Accumulation Effects", (with T. Azomahou and B. Diene) *American Economic Review* 106(5), 472-477, 2016.
65. "Social capital as an engine of growth: Multisectoral modeling and implications", (with Y. Baende and A. Pholo Bala), *Macroeconomic Dynamics* 20 (8), 2093-2122, 2016.
64. "Optimal transition to renewable energy with threshold of irreversible pollution", (with N. Bonneau), *The European Journal of Operational Research* 248, 257-262, 2016.
63. "Egalitarianism under population change: Age structure does matter", (with G. Fabbri and F. Gozzi), *Journal of Mathematical Economics* 55, 86-100, 2014
62. "Sustainable growth under physical constraints: optimal R&D, investment and replacement policies", (with N. Hritonenko and Y. Yatsenko), *Journal of Optimization Theory and Applications* 163, 310-331, 2014.
61. "Optimal sustainable policies under pollution ceiling: the demographic side", (with B. Martinez and R. Ruiz-Tamarit), *Mathematical Modelling of Natural Phenomena* 9 (4), 38-64, 2014
60. "Growth and financial liberalization under capital collateral constraints: The striking case of the stochastic AK model with CARA preferences", (with G. Fabbri and P. Pintus), *Economics Letters* 122, 303-307, 2014.
59. "Health, work intensity and technological innovations", (with N. Hritonenko and Y. Yatsenko), *Journal of Biological Systems* 22, 219-233, 2014.
58. "Optimal regime switching and threshold effects", (with A. Pommeret and F. Prieur), *Journal of Economic Dynamics and Control* 37, 2979-2997, 2013.
57. "On the optimal control of some parabolic differential equations arising in economics", (with C. Camacho and G. Fabbri), *Serdica Mathematical Journal* 39, 331-354, 2013.
56. "Spatial dynamics and convergence: the spatial AK model", (with C. Camacho and G. Fabbri), *Journal of Economic Theory* 148, 2719-2736, 2013.
55. "Growth vs level effect of population change on economic development: An inspection into human-capital-related mechanisms", (with B. Martinez and R. Ruiz-Tamarit), *Journal of Mathematical Economics* 49, 312-334, 2013.
54. "On the optimal control of the vintage capital growth model with endogenous labor supply", (with N. Hritonenko and Y. Yatsenko), *Mathematical Economics Letters* 1, 3-7, 2013
53. "Viable Ramsey economies", (with N. Bonneau), *Canadian Journal of Economics* 47, 422-441, 2014.

52. "On the timing and optimality of capital controls: Public expenditures, debt dynamics and welfare", (with A. Pommeret and F. Prieur), *International Journal of Economic Theory* 9, 101-112, 2013.
51. "Technological vs ecological switch and the environmental Kuznets curve", (with A. Pommeret and F. Prieur), *American Journal of Agricultural Economics* 95, 252-260, 2013.
50. "Is history a blessing or a curse? International borrowing without commitment, leapfrogging and growth reversals", (with P. Pintus), *Journal of Economic Growth* 17, 27-47, 2012.
49. "Assessing Parfit's Repugnant Conclusion within a canonical endogenous growth set-up", (with G. Fabbri), *Journal of Population Economics* 26, 751-767, 2013.
48. "On the optimal control of a neutral differential equation arising in economics", (with G. Fabbri and P. Pintus), *Optimal Control, Applications and Methods* 33, 511-530, 2012
47. "Vintage capital and the diffusion of clean technologies", (with Th. Azomahou and P. Nguyen Van), *International Journal of Economic Theory* 8, 277-300, 2012.
46. "The Dynamics of Wealth Inequality under Endogenous Fertility: A Remark on the Barro-Becker Model with Heterogenous Endowments", (with S. Bosi and T. Seegmuller), *Theoretical Economics Letters* 1, 3-7, 2011.
45. "Revisiting the optimal population size problem under endogenous growth: minimal utility level and finite lives", (with G. Fabbri and F. Gozzi), *Asia-Pacific Journal in Accounting and Economics* 18, special issue on Trade and Dynamic Systems (K. Nishimura, Ed.), 287-306, 2011.
44. "Scarcity, regulation and endogenous technical progress", (with N. Hritonenko and Y. Yatsenko), *Journal of Mathematical Economics* 47, 186-199, 2011.
43. "Environmental quality versus economic performance: a dynamic game approach", (with J. Krawczyk and T. Vallée), *Optimal Control, Applications and Methods* 32, 29-46, 2011.
42. "Maintenance and investment: complements or substitutes? A reappraisal", (with G. Fabbri and F. Gozzi), *Journal of Economic Dynamics and Control* 34, 2420-2439, 2010.
41. "Towards an understanding of trade-offs between regional wealth, tightness of a common environmental constraint, and the sharing rules", (with J. Krawczyk and Th. Vallée), *Journal of Economic Dynamics and Control* 34, 1813-1835, 2010.
40. "On the distributional consequences of epidemics", (with JP. Laffargue), *Journal of Economic Dynamics and Control* 34, 231-245, 2010.
39. "Capital maintenance as a key development tool", (with B. Martinez and C. Saglam), *The Scottish Journal of Political Economy* 57, 547-567, 2010.
38. "On explosive dynamics in RD-based models of endogenous growth", (with N. Hritonenko and Y. Yatsenko), *Nonlinear Analysis: Theory, Methods and Applications* 71, e693-e700, 2009.

37. "How do epidemics induce behavioral changes?", (with R. Desbordes and H. Latzer), *Journal of Economic Growth* 14, 233-264, 2009.
36. "Technological progress, obsolescence and depreciation", (with F. del Rio and B. Martinez), *Oxford Economic Papers* 61, 440-466, 2009.
35. "The burden sharing of pollution abatement costs in multi-regional open economies", (with M. Germain), *The Berkeley Electronic Journals in Macroeconomics* (Topics) 9, Article 21, 2009.
34. "A closer look at the relationship between longevity and economic growth", (with B. Diene and T. Azomahou), *International Journal of Economic Theory* 5, 201-244, 2009.
33. "Bridging the gap between growth theory and economic geography: The spatial Ramsey model, (with B. Zou and C. Camacho), *Macroeconomic Dynamics* 13, 20-45, 2009.
32. "A note on global dynamics and imbalance effects in the Lucas-Uzawa model: Further results", (with B. Martinez and R. Ruiz-Tamarit), *International Journal of Economic Theory* 4, 503-518, 2008.
31. "Human accumulation and the transition from specialization to multi-tasking", (with P. Crifo), *Macroeconomics Dynamics* 12, 320-344, 2008.
30. "Special functions for the study of economic dynamics: The case of the Lucas-Uzawa model", (with R. Ruiz-Tamarit), *Journal of Mathematical Economics* 44, 33-54, 2008.
29. "Demographic, economic and institutional factors in the transition to modern growth in England: 1530-1860", (with D. de la Croix and D. Peeters), *Population and Development Review* 34, Supplement, 126-148, 2008.
28. "Growth economics of epidemics: A survey of the theory", (with B. Diene and T. Azomahou), *Mathematical Population Studies* 15, 1-26, 2008.
27. "Early Literacy Achievements, Population Density and the Transition to Modern Growth", (with D. de la Croix and D. Peeters), *The Journal of the European Economic Association* 5, 183-226, 2007.
26. "Optimal control in infinite horizons: a Sobolev space approach", (with C. Le Van and C. Saglam), *Economic Theory* 32, 497-509, 2007.
25. "On the relationship between longevity and development", (with B. Diene and T. Azomahou), *The International Journal of Ecology and Development* 6, 31-50, 2007.
24. "Capital maintenance Versus technology adoption under embodied technical progress", (with B. Martinez and C. Saglam), *The Berkeley Electronic Journals in Macroeconomics* (Contributions) 6, Article 7, 2006.
23. "The development problem under embodiment", (with B. Martinez and C. Saglam), *Review of Development Economics* 10, 42-58, 2006.

22. "Vintage capital and the dynamics of the AK model", (with O. Licandro, L. Puch and F. del Rio), *Journal of Economic Theory* 120, 39-72, 2005.
21. "Obsolescence and modernization in the growth process", (with F. del Rio and O. Licandro), *Journal of Development Economics* 77, 153-171, 2005.
20. "Imbalance effects in the Lucas model: An analytical exploration", (with R. Ruiz-Tamarit), *The Berkeley Electronic Journals in Macroeconomics* (Topics) 4, article 15, 2004.

Ongoing work and papers (11 papers)

1. *Vintage Capital : Theory and Applications to Economic Growth and Resource Economics* (with O. Licandro). Monograph under review as Element for Cambridge University Press.
2. "Epidemics, mental health, and public trust", (with J. Adda and J. Thuilliez), under revision.
3. "Differential climate games with heterogeneous players", (with G. Fabbri, S. Federico, F. Gozzi, T. Loch-Temzelides and C. Ricci), under review.
4. "Elite-led revolutions", (with R. Desbordes and P. Melindi-Ghidi), under review.
5. "The link education- institutional change revisited: the social mobility channel", (with F. Prieur and V. Vasilakis), in progress.
6. "Land use, biodiversity dynamics and zoonotic disease outbreak: A dynamic framework", (with E. Augeraud, R. Desbordes and J. Thuilliez), in progress.
7. "The Ramsey model with irreversible pollution", (with C. Camacho, N. Hritonenko and Y. Yatsenko), in progress
8. "Symmetric vs asymmetric equilibria in dynamic pollution games", (with W. Ruan and B. Zou), in progress
9. "When Lions meets Krugman: A mean-field game theory of spatial dynamics", (with M. Bahlali and Q. Petit), under review.
10. "On some mathematical models for biodiversity and agroecology", (with E. Augeraud-Véron, A. Calvia, D. Ghilli, F. Gozzi, M. Leocata and F. Masiero), in progress.
11. "Transnational Governance and the Economics of Invasive Alien Species Management in the European Union", (with U. Sahlin), in progress.

Editorial activities

Associate editor: *Economic Theory*, 2022- ; *Economic Theory Bulletin*, 2022- ; *J. of Economic Dynamics & Control*, 2015- ; *Macroeconomic Dynamics*, 2010- ; *Annals of Economics and Statistics*, 2010- ; *J. of Demographic Economics*, 2013- ; and *Journal of International Economics and Management*, 2025-

Former associate editor of: *J. of Public Economic Theory*, 2006-2025; *Journal of Mathematical Economics*, 2014-2025; *Mathematical Social Sciences*, 2007-2018; *Mathematical Population Studies*, 2008- 2010; and *Investigaciones Economicas*, 2003-2009

Guest editor

- Guest co-editor with E. Wasmer of a special issue of *Recherches Economiques de Louvain*: "The New Economy: Implications and viability", April I 2002
- Guest editor of a special issue of *Mathematical Population Studies*: "Vintage modelling in economics and economic demography", volume 15, issue 4, 2008.
- Guest editor of a special issue of *Mathematical Population Studies*: "Overlapping-generations modelling", volume 16, issue 1, 2009.
- Guest editor of a special issue of *Mathematical Social Sciences* on "Sustainability", volume 59, March issue, 2010.
- Guest co-editor with L. Puch of a special issue of *Cuadernos Economicos de ICE*: "Decisiones de inversion y adopcion de nuevas tecnologias", volume 72, 2006.
- Guest editor of a special issue of *Mathematical Population Studies*: "Epidemics from the economic theory viewpoint", volume 19, issue 1, 2012.
- Guest co-editor with K. Nishimura and A. Venditti of a special section of *Journal of Mathematical Economics*: "Financial frictions and debt constraints", volume 61, 2015.
- Guest co-editor with K. Nishimura and A. Venditti of a special section of *Journal of Mathematical Economics*: "International financial markets and banking systems crises", volume 68, 2017.
- Guest co-editor with T. Azomahou, P. Mohnen and B. Verspagen of a special issue of *Macroeconomic Dynamics*: "Technology aspects in the process of development", volume 20, issue 8, 2016.
- Guest co-editor with X. Huang of a special issue of *Pacific Economic Review*: "Globalization: Financial, Trade and Institutional Aspects with Applications to China", Part I in volume 21, issue 3, 2016, and Part II in volume 22, issue 1, 2017.
- Guest co-editor with E. Augeraud, and V. Veliov of a special issue of *Mathematical Modelling of Natural Phenomena*: "Economics and the environment: distributed optimal control models", Volume 14, issue 1, 2019.
- Guest co-editor with S. Chakraborty and A. Goenka of a special issue of *Journal of Mathematical Economics* on "The economics of epidemics and emerging diseases", Volume 93, March 2021.
- Guest co-editor with T. Seegmuller and A. Venditti of a special issue of *Mathematical Social Sciences* on "Advances in Growth and Macroeconomic Dynamics---In memory of Carine Nourry", 2021.
- Guest co-editor with R. Amir of a special issue of *Journal of Public Economic Theory* on "New Insights Into Economic Epidemiology: Theory and Policy", October 2022.
- Guest co-editor with T. Azomahou, H. Kazianga, M. Korir and N. Ndung'u of a special issue of *Food Policy* on "The agricultural impacts of agricultural, food and nutrition policies in Sub-Saharan Africa", 2022.
- Guest co-editor with R. Amir of a special issue of *Journal of Public Economic Theory* on "the economics of epidemics and public health", December 2023.
- Guest co-editor with T. Loch-Tamzelides of a special issue of *Economic Theory* on "Epi-econ mathematical modelling", January 2024.

- Guest co-editor with S. Auray and L. Linnemer of a special issue of *Annals of Economics and Statistics* on "Economic Theory and Applications", September 2025.

Refereeing activities

For economic journals (among many others)

Econometrica, Journal of Economic Theory, Journal of Mathematical Economics, Journal of Economic Growth, Journal of the European Economic Association, Macroeconomic Dynamics, Journal of Economic Dynamics and Control, Games and Economic Behaviour, Review of Economic Studies, Journal of Political Economy, American Economic Review, American Economic Review: Insights, International Economic Review, Economic Journal, Mathematical Social Sciences, Review of Economic Dynamics, Journal of Public Economics, American Economic Journal: Macroeconomics, American Journal of Agricultural Economics, Journal of International Economics, Economic Theory, Journal of Economic Behaviour and Organization, Journal of Development Economics, Journal of Economic Geography, European Economic Review, Scandinavian Journal of Economics, Journal of Environmental Economics and Management...

For applied mathematics journals (among others)

Mathematics of Operations Research, Automatica, Omega, Numerical Algorithms, Annals of Operation Research, International Transactions in Operational Research, Optimization, Optimal Control Applications and Methods, Nonlinear Analysis Series B, Journal of Optimization Theory and Applications, Systems and Control Letters, European Journal of Operational Research, Central European Journal of Operational Research, Mathematical Biosciences and Engineering, Engineering Analysis with Boundary Elements, Set-valued and Variational Analysis, Differential Equations & Dynamical Systems...

For interdisciplinary journals

Nature Computational Science, Humanities and Social Sciences Communications (Nature), Mathematical Population Studies, Population Studies, Computers in Biology & Medicine, Resources Conservation & Recycling, Technological Forecasting and Social Change, Demographic Research, Mathematical Medicine and Biology, International Health and Human Rights,...

Invited conferences: keynote speaker (27 conferences)

Conference on "Impact of the Human Activities on the Environment and Economic Decision Making in a Heterogeneous Setting: Mathematical Models and Policy Implications", Rome, October 2025

Differential climate games with heterogenous players

16th Viennese Conference on Optimal Control and Dynamic Games, Vienna, July 2025

Individual spatial mobility decision problems as mean-field games

Second Workshop on the Economics of Pandemics Preparedness, Stockholm, June 2025

Epidemics, mental health, and public trust

ECOBAS Conference on “Ecological Transition: Theory and Practice”, Santiago de Compostela, June 2025

Irreversible local pollution: Accounting for Uncertainty and Strategic Interactions

15th Vietnam Economist Annual Meeting, Binh Duong, December 2024

New developments on the control of transboundary pollution: A tractable framework for strategic aspects exploration

Second International Workshop on “Economic Growth and Macroeconomic Dynamics, University La Sapienza of Rome, September 2024

New developments on the control of transboundary pollution: A tractable framework for strategic aspects exploration

17th Annual Conference on Economic Growth and Development, Indian Statistical Institute, New-Delhi, December 2022

Elite-led revolutions

Econometric Society Winter School, Delhi School of Economics, New-Delhi, December 2022

Epidemics, growth and economic behavior: Traditional approaches and new Covid-driven research

UBIAS 4th Intercontinental Academy on Intelligence & Artificial Intelligence, Belo Horizonte, November 2022

On AI impact on economics and the economy

15th Viennese Conference in Optimal Control & Dynamic Games, Vienna, July 2022

Epidemics, growth and economic behavior: Traditional approaches and new covid-driven research

10th Conference on Dynamic Games in Management Sciences, Rabat, November 2018

Institutional dynamics in resource-rich countries as dynamic games

39emes JESF, Marseille, November 2017

Health, epidemics and development

Econometric Society African Meeting, Algiers, June 2017

Institutional dynamics in resource-dependent economies

Annual SURED conference, Banyuls-sur-Mer, June 2016

Institutional dynamics under stochastic environments

CEAFE Conference, Marseille, March 2016, 6th Euro-African Economic Conference

On the duration of autocracies: Theory and application to Arab countries

Hammamet (Tunisia), March 2015, Conference on “Macroeconomic policies during crises periods”

L’Algérie entre le marteau et l’enclume: Printemps arabe, contre-choc pétrolier et politique économique

Kinshasa (DR Congo), January 2015, High-level conference on promoting growth in the Democratic Republic of Congo

The demographic ingredients of development: the case of Congo

Marseille, December 2014, Anglo-French-Italian Macro Workshop

An AK theory of financial liberalization

Hang Zhou (China), October 2014, Annual meeting of the Chinese Society of World Economics (Zhejiang University)

The growth and welfare implications of financial liberalization

Strasbourg, June 2014, 5th Doctoral Workshop on Dynamic Macroeconomics

On political regime changes in Arab countries

Luxembourg, May 2014, 4th CREA Conference on Economics on Tax Competition and Public Policy

The strategic ingredients of the Arab Spring

Livorno (Italy), September 2013, IV CICSE Conference on Structural Change, Dynamics and Growth

Financial globalization, growth and welfare: an AK theory of international borrowing without Commitment

Brussels, December 2012, Conference at Société Royale d'Economie Politique de Belgique

Rente, corruption et violence : Genèse et conséquences du Printemps arabe

Cap-Town (South-Africa), November 2012, 6th Micro-Evidence on Innovation and Development (MEIDE) conference

The gift of longevity, age-structure and development: theory and policy implications

Darmstadt (Germany), June 2012, Conference on Health, Development and Inequality

Mortality shocks, health capital and income distribution

GREQAM Doctoral Spring School, May 2010

Growing over time and space

T2M Annual Conference, Cergy, January 2008

On the distributional consequences of epidemics

PhD thesis supervision: completed theses

40. Mykhailo Matvieiev (supervised with C. Poilly), Macroeconomic uncertainty: distributional and aggregate effects, Aix-Marseille Université, July 2025

Coordination and supervision of research projects/chaïres (other than LABEX projects)

Coordinator of the International Research Network (IRN) **E3E** on “A unified Ecological-Epidemiological-Economic framework for quantifying the impact and policy response to emerging pathogens”, funded by the CNRS, 2025-2030.

Research Director, Chair “Triple Accounting”, Institut Louis Bachelier (Paris), May 2025-

Principal Investigator of a research project on “The economic epidemiology of COVID-19” (with J. Thuilliez and J. Adda), ANR grant (French National Research Agency), 2020-2021

Coordinator of a research project on “Evaluation of public research in France”, funded by the MESRI (French Ministry of High Education, Research and Innovation”, 2020-2021.

Coordinator of the PIC project (“Projet Inter-universitaire de Coopération”) for the Belgian Cooperation Agency (CUD) on Fighting Poverty in South Kivu (RDC), 2008-2013.

Coordinator of the research project Action de Recherche Concertée (ARC 03/08-302), Communauté Française de Belgique. Topic: New macroeconomic perspectives in economic development, 2003/2008.

Coordinator (from 2003) of the research project Action de Recherche Concertée (ARC 99/04-235), Communauté Française de Belgique. Topic: Growth and incentive design, 1999/2004

Supervisor of the research project PAI P5/10, financed by the Belgian Federal Government. Topic: Equilibrium theory and optimization for public policy and industry regulation, 2003/2007

Supervisor of the research project Actions Concertées Incitatives (ACI), Ministère délégué à la Recherche du gouvernement Français. Topic: Changement technique et développement durable, 2005/2007.

Supervisor of a research project funded under the contract c26087 of the European Commission, DG information society. Topic: Information technologies and growth, 2000/2003

Organization of scientific events (small selection)

- Co-organizer (with D. Alno) of the First Rennes School of Business Summit on Leading Sustainability Transformations, October 9-10, 2023, Rennes.

- Co-organizer (with T. Loch-Temzelides) of a conference on Frontiers in Epidemiological Economics, October 12-13, 2024 (joint event Rice University & Rennes School of Business), Paris.
- Co-organizer of the 10th anniversary conference of the Institute for Advanced Study at Aix-Marseille (IMÉRA) on “Energy: Challenges and perspectives”, November 2018.
- Member of the Scientific Committee of the 14th Viennese Workshop on Optimal Control, Dynamic Games and Nonlinear Dynamics, July 2018.
- Co-chairman of the 2017 Annual ASSET conference in Algiers, October 2017
- Member of the Scientific Committee of the 13th Viennese Workshop on Optimal Control, Dynamic Games and Nonlinear Dynamics, 2015.
- Member of the Scientific Committee of the 12th Viennese Workshop on Optimal Control, Dynamic Games and Nonlinear Dynamics, 2012.
- Member of the Scientific Committee of 2012 meetings of the French Economic Association (AFSE)
- Session organizer in optimal control in the 24th European Conference on Operational Research (EURO), Lisbon, July 2010.
- Member of the Scientific Committee of the 15th Annual Conference of APET (Association of Public Economic Theory), Luxembourg, July 2015.
- Member of the Scientific Committee of the 14th Annual Conference of APET (Association of Public Economic Theory), Seattle, July 2014.
- Member of the Scientific Committee of the 13th Annual Conference of APET (Association of Public Economic Theory), Lisbon, July 2013.
- Member of the Scientific Committee of the 10th Annual Conference of APET (Association of Public Economic Theory), Istanbul, June 2010.
- Member of the Scientific Committee of the 17th Annual Conference of EARE (European Association of Environmental and Resource Economists), Amsterdam, June 2009.
- Session organizer in optimal control in the 23rd European Conference on Operational Research (EURO), Bonn, July 2009.
- Member of the Scientific Committee of the 9th Annual Conference of APET (Association of Public Economic Theory), Galway (Ireland), June 2009.
- Coordinator of the organizing local committee of the conference New Challenges in Economic Research, September 2007 at Louvain-la-Neuve.
- Co-organizer with Th. Bréchet of an international conference on “Macroeconomic dynamics, technological change and the environment”, CORE-UCL, November 2006.
- Member of the International Program Committee of the Limassol Society of Computational Economics annual meeting, June 22-24, 2006.
- Co-organizer of the joint seminar CES-UCL-ULB with the National Bank of Belgium, on monetary theory and policy, 2004 and 2005
- Co-organizer with O. Licandro and L. Puch of an international conference on “Vintage modelling in economics and economic demography”, European University Institute (Florence, Italy), September 2005.
- Member of the International Program Committee of the Paris Association of Public Economic Theory annual meeting, July 3-6, 2002.
- Member of the International Program Committee of the Aix-en-Provence Society of Computational Economics annual meeting, June 27-29, 2002.
- Session organizer at the 2002 Society for Computational Economics annual conference. Title of the session: Dynamic models of technology adoption (Aix, France)
- Co-organizer (with Etienne Wasmer) of an international conference on “Analyzing the New Economy” at University of Metz (France), April 27 and 28, 2001.
- Member of the International Program Committee of the Barcelona Society of Computational Economics annual meeting, July 6-8, 2000.
- Session organizer at the 2000 Society for Computational Economics annual conference Title of the session: Macroeconomic models with vintage capital (Barcelona, Spain)

- Session co-organizer (jointly with Pierre Malgrange) at the 1999 Society for Computational Economics (SCE) annual conference. Title of the session: Models of creative destruction (Boston)
- Session organizer at the 1998 Society for Computational Economics (SCE) annual conference. Title of the session: Differential-difference equations and economic fluctuations (Cambridge, UK)

Research projects evaluation committees (short selection)

- Member of the International Committee for the evaluation of research in economics and management, appointed by the Portuguese Foundation of Science and Technology, July 2001, Lisbon.
- Appointed by the Austrian Foundation of Science (FWF) for the evaluation of research projects in economics, February 2002.
- Appointed by Fundacion Ramon Areces (Spain) for the evaluation of research projects in economics, December 2002 to January 2003.
- Appointed by the Italian Science Foundation for the evaluation of research in economics in Italy, Spring 2005.
- Member of the "Jury d'agrégation" for professorship in economics in France for the academic year 2005/2006.
- Member of the ANR (French research agency) committee for the evaluation of research projects in economics in 2008-2009 and 2011-2012.
