GPA: 4.2/5. Relevant Courses: Development of Economics, Corporate Finance, Sustainability in Global Value Chains.

Work Experience

Research Intern at Centre d' Économie de la Sorbonne

January 2026 – April 2026

I contribute to applied econometric research on labor market dynamics and political outcomes. My work includes literature review, data management and statistical analysis using Stata.

Public Sector Consultant Intern at Easygov Solutions

January 2025 – July 2025

I supported strategic initiatives for digital transformation in Public Administration, focusing on service delivery models, digital solution implementation, and workflow optimization. I also assisted with project evaluation, performance measurement, and process simplification.

Policy Analyst intern at Italian Ministry of Economy and Finance

June – October 2024

I helped evaluate public spending for digitalization, analyzing budget data and ICT procurement impacts on service efficiency. My work included reviewing reports, strategic documents, and data from the National Recovery and Resilience Plan.

Data Analyst Intern at SVIMEZ (non-profit organization)

June - July 2023

I analyzed and represented social and economic phenomena while managing complex databases for descriptive analyses, particularly in the context of the absorption of resources from European funds and the National Recovery and Resilience Plan (PNRR). I collaborated with professors and researchers on the economics of Southern Italy and regional disparities.

Extra-curricular Experiences

Volunteered in Dunkirk with *Roots*, a grassroots NGO providing sustainable, environmentally conscious services to displaced people in Grande-Synthe, northern France (October 2025). In September 2022, I attended the National Summer School on Civil Economy by Legambiente, gaining practical insights into civil economy through lectures and group sessions with experts. I actively support social and environmental causes through my involvement with CNGEI - Lay Scout Association. I provided weekly tutoring in Accounting, English, Math, and Latin. Additionally, I have been a member of the Bocconi Women's Futsal team (2020-2024) and have competed in kickboxing (2015-2019) and swimming (2006-2014).

Languages and Skills

- Italian: Native; French: Bocconi Course - grade 27/30, Level B1 (2024); English: IELTS certification - Level C1 (2021)
- Proficient in Office Package (ICDL Full Standard - 2020); Basic knowledge of Python, very good knowledge of R, RStudio, and Stata.
